

**Accademia dei Mestieri dell'Opera - AMO  
(Academy of Opera Professions)**

**COURSE FOR THEATRICAL LIGHTING TECHNICIAN**

**Faculty**

Ivan Pastrovicchio

**1. Applicants**

The course is open to a maximum of **5 candidates** of any nationality who are at least 18 years old at the time of registration.

**2. Purpose of the course**

The course is aimed at the study of theatrical lighting engineering, the design, organization and assembly of a lighting system as well as the programming of a show using a console and aims to contribute to the training of lighting technicians for the production of live shows, musical, operas. The study subjects will start from the regulations on safety at work (Legislative Decree 81/08, Ministerial Decree 10/03/98), knowledge of techniques and practices both in relation to basic electrical engineering and management equipment and software, as well as set-up methods applied to complex systems such as theater lighting systems.

The professional figure of the theatrical lighting technician finds scope of application both in theatres, opera houses, tour companies but also in the television, cinema, exhibition and fashion sectors. The learning process will be integrated into different periods of work experience within the productions of the Teatro Coccia.

**3. Duration**

The course is annual and will take place at the Coccia Theater in Novara in several non-continuous periods **from JANUARY 2025 to DECEMBER 2025**. The lessons will be planned in accordance with the Theater's programming, with particular attention to musical theater productions and in parallel with the lesson of the other courses. In the event of interruption of the course "due to force majeure", we will proceed with Distance Learning mode via the dedicated online platform for theoretical lessons, while practical ones and work experience periods will be postponed.

At the end of the course, a certificate of attendance will be issued, subject to satisfaction of the conditions set out in point 8 of this Open Call (see below).

**4. Training program**

The course will be structured in **130 theoretical and practical hours and 70 days of work experience**. The study program is designed to help students gain confidence with the practical techniques taught during the lessons, ensuring they are well-prepared to participate in the productions of the 2025 season.

The calendar of lessons may undergo changes which will be communicated to the students promptly.
